Data Universe

Children ages 3–6 not yet enrolled in kindergarten

Funding sources/suppliers

United States Department of Education

Sample/sampling procedures

The SR-NHES:2007 was a random digit dial telephone survey. A Screener Survey was also used to collect information on household composition and interview eligibility. Only one preschooler (age 3–6 not yet enrolled in kindergarten) was selected for the SR survey if the screened household contained one or more preschoolers.

Data collection dates

01-02-2007 to 07-24-2007

Time frame of analysis

2007

Unit of analysis

Individual

Location covered by data

United States
