Learn to Use Bartlett’s Test of Homogeneity of Variances in SPSS With Data From the General Social Survey (2016–17)
Learn to Use Bartlett’s Test of Homogeneity of Variances in SPSS With Data From the General Social Survey (2016–17)

About This Dataset

Data Source Citation

Full title of originating dataset

The General Social Survey (2016)

Data author(s) and affiliations

NORC, University of Chicago.

Dataset source website address

http://gss.norc.org/get-the-data/spss

First publication date

2017

Data Universe
Funding sources/suppliers

National Science Foundation

Sample/sampling procedures

Random Area Probability

Time frame of analysis

2016

Unit of analysis

Individuals (aged 18+), living in households
