Learn to Use the Chi-Square Homogeneity Test in Minitab With Data From a 2015 Health Care Observational Study
Learn to Use the Chi-Square Homogeneity Test in Minitab With Data From a 2015 Health Care Observational Study

About This Dataset

Data source citation

Collected by contributors during study cited below.

Full title of originating dataset

Data author(s) and affiliations

Dr. Rose McCloskey and Dr. Connie Stewart, University of New Brunswick Canada

First publication date

2015

Data collection dates

2013–2014
Time frame of analysis

2015–2016

Unit of analysis

Health care providers

Location covered by data

New Brunswick Canada

List of variables

Direct care
Indirect care
Non-value added
Other

Abbreviations, conventions or notation devices

RN = Registered Nurse
LPN = Licensed Practical Nurse
